| 999 | 113.49 | 107.50 |
| 1000 | 113.60 | 107.60 |

For all kWh over 1,000 kWh, please use the following procedure to calculate your net bill:

Multiply the kilowatt hours by the appropriate cents per kilowatt as listed below and add the monthly customer charge.

SUMMER RATE per kWh: .1066/kWh + \$7.00

WINTER RATE per kWh: .1006/kWh + \$7.00

Example:

| | |
|--|---------------------------------|
| | 1500 (kWh) |
| | <u>x.1066</u> (summer rate) |
| | 159.90 |
| | <u>+ 7.00</u> (customer charge) |
| | 166.90 |
